

## A collage of photos of children at a summer camp. The background is a dark, textured grey. Overlaid on this are several photographs of children in various outdoor settings. The words "FUN CAMP" are written in large, white, stylized letters across the collage. The letters are composed of multiple overlapping photo cutouts. For example, the 'F' shows a girl's face, the 'U' shows a boy's face, the 'N' shows a boy's face, the 'C' shows a boy's face, the 'A' shows a boy's face, the 'M' shows a boy's face, and the 'P' shows a boy's face. The photos show children smiling, playing, and interacting with each other. The overall theme is a fun and active summer camp experience.

## Program Overview

---

Our Junior Programs are designed to teach useful English skills while enabling students to understand and appreciate all aspects of Canadian life.

It is a fully inclusive program of on-site activities including talent shows and sports along with excursions to places of cultural importance. The activity and cultural aspect of our courses is as important as the English lessons, and we work hard to encourage learning outside the classrooms. Safety and welfare are at the forefront of all we do — from choosing our campuses and recruiting our staff to designing and delivering our program.

### Academic Program

We recently introduced a new syllabus to meet the special demands of short summer courses. Lessons aim to increase confidence in English communication through age-appropriate topics and activities. Practical language is presented in context to show how English is used in the real world.

Students are given a comprehensive placement test on their first day to ensure they are placed in the appropriate level.

### Activity Program

Depending on the length of the program chosen, students will have the opportunity to take part in our full-day or weekend excursions visiting some of the most popular tourist attractions in Canada, including French Canada and Niagara Falls (Toronto) and Victoria, Whistler and the Rocky Mountains (Vancouver).

Vancouver winters are mild, with an average temperature of 7 degrees Celsius. This climate, along with the city's proximity to some of the world's best skiing, makes Vancouver the ideal city for outdoor winter activities. Mornings are spent in the classroom, and afternoons are spent doing a variety of fun, exciting activities around the city. Students spend weekends and evenings with their host families, and the school will help them plan and organize any activities of interest for these off-days.
